

Food Waste Action Plan – sign off and review

# Welcome!

The purpose of this session is discuss the practicalities associated with populating and reviewing the food waste action plan.

Remember, the plan is an opportunity to formalise your contribution to the Pact and identify where Stop Food Waste Australia (SFWA) can assist.

The session will cover:

1. A reminder of the expectations.
2. Signing off the plan.
3. Review process.

# Food waste reduction plan expectations

The following is expected to maintain both progress and regular engagement:

- Agree an initial Food Waste Reduction Plan with Stop Food Waste Australia.
- Stop Food Waste Australia to work collaboratively with signatories to realise food waste saving opportunities.
- Review the progress made every six months.
- Agree an updated plan with Stop Food Waste Australia.

**If you have a plan already, the tools and resources provided by the Australian Food Pact are intended to be utilised as seamlessly as possible within your business operations.**

The following process is suggested to complete the initial food waste action plan:

SFWA provide food waste action plan template and guidance.

Signatory drafts initial food waste action plan – considering the committed actions against Pact commitments for the next six months.

Call organised by SWFA to run through drafted content against Pact commitments with an opportunity to:

- Share industry insight/best practice.
- Prioritise actions.
- Consider opportunities to enhance impact.
- Identify assistance requirements.
- Discuss timings.

Signatory provides revised copy to SFWA which acts as a live document and is regularly reviewed.

# Review process
